

Preparing for a New Arrival (Primary)

Before the new pupil arrives in your class consider the following:

Label a tray with pupil's name

Decide which group(s) the pupil will work in

Find someone in class (or in the school) who speaks the same first language

Decide who will be their buddy

Decide on when the buddies will show the new pupil around the school

Inform play - ground staff/dinner ladies about new arrival so that they can keep an eye on him / her

Talk to class about the new pupil before their arrival
